Table of Contents

| I. Introduction | 1 |
|-------------------------------------|----|
| 1.1. Acknowledgements | 1 |
| 1.2. Reader Dependencies | 1 |
| 1.3. Namespacing Notes | |
| 1.4. Out of Scope | 2 |
| 1.5. Versioning | 3 |
| 1.6. Feedback and Errata | 3 |
| 2. Mobile Goals | 4 |
| 2.1. Perceived Speed | 4 |
| 2.2. Load times | 5 |
| 2.3. Round-trip Times | 5 |
| 2.4. Task-oriented | 5 |
| 3. Test-Driven Development | 7 |
| 4. Booting | 10 |
| 4.1. Routing | 10 |
| 5. Routing and Pathing | 13 |
| 5.1. Definition | |
| 5.2. Routes and the Router | 15 |
| 5.3. Paths and the View | 18 |
| 6. Link Capture | 21 |
| 7. Self-Contained View | 25 |
| 7.1. When, Where, and Why? | 27 |
| 8. Deferreds | |
| 8.1. Deferreds with Aggregate Views | 31 |
| 9. Ready View | 34 |
| 9.1. Evented | 34 |
| 9.2. Deferred | |
| 9.2.1. The Test | 35 |
| 9.2.2. Asynchronous Implementation | |
| 9.2.3. Synchronous Implementation | |
| 9.3. When, Where, and Why | |
| 10. Page Router | |
| 11. Model and View Accessors | |
| 11.1. Abstraction in the Model | 46 |

Mobile Web Patterns with Backbone.js

| | 11.2. Abstraction in the View | 48 |
|-----|----------------------------------|----|
| 12. | Mixins | 51 |
| 13. | Rate Limiting | 54 |
| | Flyweight | |
| | 14.1. Traditional Flyweight | 57 |
| | 14.2. Javascript Flyweight | 58 |
| | 14.3. When, Where, and Why | 60 |
| | 14.4. Flyweight = Caching | 60 |
| | 14.5. Preloading with Flyweights | 61 |
| 15. | Fetch-Once Models | 63 |
| 16. | Session Data | 67 |
| 17. | Conclusion | 71 |
